THE AIRCRAFT

Dassault Falcon 7X, made for *long distances.*

A three-engine long-range jet with a spacious cabin and excellent short-runway ability.

Every flight is arranged by King Luxury Services as a private charter from Ibiza: the aircraft and crew are yours for the journey, with no queues, no connections and a departure time that suits you.

- Up to 12 passengers · crew of 2 pilots, 1 cabin attendant
- 5,950 nm range · about 12 h non-stop
- Year of manufacture 2014

THE CABIN

A private lounge for *12 guests.*

The main cabin of the Dassault Falcon 7X is set up as a lounge in the sky: wide leather seats that swivel and recline, polished veneers, soft lighting and large windows on both sides.

The cabin is divided into separate zones, so you can talk, work or rest at the same time without disturbing each other.

DINING & WORKING

Lunch at *forty thousand feet.*

Tables open up for a proper meal or a meeting. We arrange the catering to your taste before departure, from a light Mediterranean lunch to a full dinner, with the wines and champagne you prefer.

Wi-Fi is available on board on request, so the flight is as productive or as relaxed as you want.

GALLEY & WASHROOM

Every detail, *on board.*

The galley is stocked before every flight with your food, drinks and any special requests, from dietary menus to your favourite brands.

The washroom is located forward & at the rear.

SAFETY & CREW

In *expert hands.*

Each flight is operated by a licensed commercial operator with professional pilots.

We take care of the private terminal, the handling at Ibiza airport and the transfer to your villa, yacht or hotel, so the journey is seamless from door to door.

MAKE YOUR STAY COMPLETE

Everything else, *arranged for you.*

One team for the yacht and everything around it. Tap any card to see the service on our website.
